

Reckon **R** +  WABI

# Run your entire hospitality business on Wabi

The all-in-one point of sale software with no set up costs and no monthly subscription fees

### **Point of sale made easy**

Simple to use and fully customisable POS software with a range of powerful features that makes managing your business easier.

### **Reservation & table management**

Keep tables filled with online reservations on your website and socials including SMS reminders, waitlists and more.

### **Simplify payments & hardware**

Seamlessly process payments with our Wabi Pay integration. Our platform, compatible with iPads, makes it easy and affordable to get started.

### **Create rosters & track time**

Simplify roster creating with automated wage calculations, optimising labour costs. Plus allow your employees to accurately track time with our app.

### **Real-time data & analytics**

Log in from anywhere around the world and gain access to real-time data so you can track how your venue is performing.

## **No set up costs and no monthly subscription fees**

Only pay for payment processing
